Re: Louisiana State Police Retirement System
Our File No.: 09-1154

Dear Speaker Schexnayder:

For the review of your retirement committee, and on behalf of the Louisiana State Police Retirement System (“LSPRS”), I provide this report to you in conformity with La. R.S. 49:968(B) which requires LSPRS to provide notice of its proposed rule change.

Copies of the Notice of Intent, Proposed Rule, and the corresponding Fiscal and Economic Impact Statement approved by the Legislative Fiscal Office are enclosed for your reference. If you have any questions, please contact me at the phone number listed above.

The proposed Rules are being adopted pursuant to R.S. 11:152.1 and 11:1302.1, which provides this agency the authority to promulgate rules in accordance with federal law.

A preamble to this proposed action has not been prepared.

The proposed Rule for the compliance with the Uniformed Services Employment and Reemployment Rights Act (“USERRA”) and for LSPRS participation in Group Trusts should not have any known or foreseeable impact on any family as defined by R.S. 49:972 or on family formation, stability and autonomy. Specifically, there should be no known or foreseeable effect on:

1. the stability of the family;

2. the authority and rights of parents regarding the education and supervision of their children;
3. the functioning of the family;
4. family earnings and family budget (other than providing to the member the opportunity to utilize some of his family earnings from the Department of Public Safety towards purchase of additional retirement service credit);
5. the behavior and personal responsibility of children; or
6. the ability of the family or a local government to perform the function as contained in the proposed rules.

In compliance with Act 854 of the 2012 Regular Session of the Louisiana Legislature, the poverty impact of the proposed rules has been considered. It is anticipated that this proposed Rule will have no impact on child, individual, or family poverty in relation to individual or community asset development as described in La. R.S. 49:973. Specifically, there should be no known or foreseeable effect on:

1. household income, assets, and financial security;
2. early childhood development and preschool through postsecondary education development;
3. employment and workforce development;
4. taxes and tax credits; or
5. child and dependent care, housing, health care, nutrition, transportation, and utilities assistance.

With kindest regards, I remain.

Sincerely,

AKERS & WISBAR, LLC
